SERVICES WE OFFER

Mission Statement: Dedicated to Providing Superior Products and Services to the Medical Community at Competitive pricing:

Bio Medical Resources is a division of Southern Medical Corporation and has been in business since 1987. Our company is unique in our field of expertise and provides many services for all health care professionals.

Bio Medical Resources provides equipment and supplies necessary for any clinical setting at a competitive price. For example:, electrodes, paper, leadwires and cables and tables. GE cardiology equipment, stress, holter, EKG, and Zoll Defibrillators.

Holter / EKG Division operates a Holter scanning service with a 24 hour turn around time and years of expertise. Our EKG service is responsible for inpatient and outpatient services which has the capability of electronic data transmission and storage across a network of clinic sites.

Ultrasound Division provides professional, credentialed sonographers as well as state of the art ultrasound equipment for diagnostic cardiac, vascular and abdominal ultrasound procedures. We provide these services in many diverse healthcare settings from large 700+ bed hospitals to small rural clinics.

Education Division offers primary education in Echo-cardiography and Peripheral Vascular Technology. Continuing education and registry preparatory seminars are also offered.

Mobile Cardiac Nuclear Services are offered in Mississippi, Texas, Louisiana, Alabama, and Arkansas. ADT is an affiliate. Providing cardiac nuclear stress services in clinics and small hospitals. Providing equipment, stress tech and a nuclear tech. Learn more at their website www.adtnuclear.com.

Thank you for taking the time to learn about the services and products we provide to the medical community. We are proud to share our goals and expertise with you.

*For additional information visit our website at

ORDERING INFORMATION

HOW TO ORDER BY PHONE

For quick order handling, please call between the hours of 8:00 a.m. and 4:30 p.m. Central Standard Time. Orders placed by 12:00 p.m. are shipped the same day they are received. If you need special handling on an order, it should be made known when the order is placed. We ship UPS Regular unless special shipping instructions are arranged at time of order.

HOW TO ORDER BY FACSIMILE OR INTERNET

Bio Medical Resources offers 24-hour fax service or internet ordering. If you wish to place an order or request information using your fax machine, just transmit the information to (225) 752-2614 or *email to sales@southernmedical.com*. Your order will be confirmed via fax or email.

SHORTAGES AND ERRORS

Notify us immediately if there is a problem with your order. All claims for shortages or incorrect packaging must be made within **5 days** of receipt of merchandise.

RETURNS

If you need to return an item for any reason, call our toll free number for proper instructions. Merchandise should be returned in the original container. Items returned due to customer error will be subject to a 25% restocking fee. **NO RETURNS WILL BE ACCEPTED AFTER 30 DAYS FOR ANY REASON.**

TERMS

Our terms are "Net 30" from date of invoice. Please pay from invoice. Past due invoices are subject to a 1.5% finance charge.

GUARANTEE

Your satisfaction is our goal! If, for any reason, you are not happy with the products you have purchased, please contact us at once.

Electrodes – Resting ECG

Adult and Pediatric Tab Electrodes Electrodes

A new level of technology in a resting tab electrode. Used for all resting EKG applications. The advantages are clear: Superior accurate tracings, reduced settling time, absolute consistency from electrode to electrode, eliminates cross contamination, low impedance, great adhesion, contains no PVC. Highest quality adhesive and the innovative shape prevents twisting and delivers the greatest percentage of first time recordings. Conductive adhesive hydro-gel provides a reliable signal tracing if of consistent high quality. Quick and easy – leaving no residue.

Magneto Optical Disk and CD's

TDK Medical Grade Magneto Optical Disks are manufactured to tighter specifications far more exacting than standard grade MO. TDK Medical Grade MO is the only known stand-alone MO which adheres to the FDA's new guidelines for medical image management devices. G.E., Siemens, Marconi, Phillips recommend TDK Medical Grade MO for their systems. Medical Grade MO is manufactured to an acceptable error rate of less than 200 sector errors per disk.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
MO-R1200MAX5	1.2 GB Medical Grade Rewritable Magneto Optical Disk, 512 B/S, Labels	5/box

Gels and Batteries

Parker Aquasonic 100 – Ultrasound Transmission Gel

The most widely used gel for diagnostic and therapeutic medical ultrasound. Recommended for all procedures where a viscous gel is required. Acoustically correct for the broad range of frequencies used in medical ultrasound applications. Gentle wetting of the skin assures excellent transmission of ultrasound waves at all times. Completely aqueous, will not stain clothing, damage transducers or irritate skin. Unique “can’t be copied” formula is hypoallergenic bacteriostatic and non-sensitizing.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
03-50	5 liter Clear Aquasonic Gel	1 / box, 4 / case
01-08	0.25 Liter Dispenser	12 / box
01-50	5 Liter SONICPAC With Dispenser	1 / box, 4 / case
57-05	Aquagel – 1.42 oz. Tube	20 / box

This multi-purpose spray is for professional use in cleansing ultrasound transducer / probe surfaces between procedures. It will not cause transducer membrane swelling.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
36-2102-25	T-Spray II Ultrasound Disinfectant Detergent	1 / each, 12 / box
09-25	Transeptic Cleansing Solution 205ML	12 / box

Gel Warmers

Ideal Gel Warmers are available in one, two and three bottle sizes for your convenience. Wall or table mounting, two year warranty, adjustable temperature control and stainless steel construction. Parker Therma Sonic is redesigned. Warms ultrasonic gel to body temperature.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
GW108A	One 8 oz. Bottle Gel Warmer	1 / each
GW208A	Two 8 oz. Bottle Gel Warmer	1 / each
GW308A	Three 8 oz. Bottle Gel Warmer	1 / each
82-01	Single-bottle gel warmer	1 / each
82-03	Multi-bottle gel warmer, holds 3 dispensers	1 / each

Eveready and Duracell

A complete line of alkaline batteries recommended for all High Drain applications, such as holter and telemetry monitoring. Listed is cross reference for devices and the size battery size.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
PC1604	Duracell 9 volt	12 / box, 72 / case
PC1500	Duracell AA	24 / box, 144 / case
