# Ordering Information

## ORDER BY PHONE

For quick order handling, please call between the hours of 8:00 a.m. and 4:30 p.m. Central Standard Time. Orders placed by 12:00 p.m. are shipped the same day they are received. If you need special handling, it should be made known when placing the order. There is a minimum order of \$25.00. We ship UPS Regular unless special shipping instructions are arranged at time of order.

## ORDER BY FACSIMILE OR INTERNET

**Bio Medical Resources offers 24-hour fax service or internet ordering.** If you wish to place an order or request information using your fax machine, transmit the information to (225) 752-2614 or *email to [JamieF@southernmedical.com](mailto:JamieF@southernmedical.com)*. Your order will be confirmed via fax or email.

## SHORTAGES AND ERRORS

Notify us immediately if there is a problem with your order. All claims for shortages or incorrect packaging must be made within **5 days** of receipt of merchandise.

## RETURNS

If you need to return an item for any reason, call our toll free number for proper instructions. Merchandise should be returned in the original container. Items returned due to customer error will be subject to a 25% restocking fee. **NO RETURNS WILL BE ACCEPTED AFTER 30 DAYS FOR ANY REASON.**

## TERMS

Our terms are "Net 30" from date of invoice. Please pay from invoice. Past due invoices are subject to a 1.5% finance charge.

## GUARANTEE

**Your satisfaction is our goal! If, for any reason, you are not happy with the products you purchased, please contact us at once.**

**Baton Rouge, LA (225) 756-5302**

# Electrodes – *Resting ECG*

## Adult and Pediatric Tab Electrodes

A new level of technology in a resting tab electrode. Used for all resting EKG applications. The advantages are clear: Superior accurate tracings, reduced settling time, absolute consistency from electrode to electrode, eliminates cross contamination, low impedance, great adhesion, contains no PVC. Highest quality adhesive and the innovative shape prevents twisting and delivers the greatest percentage of first time recordings. Conductive adhesive hydro-gel provides a reliable signal tracing if of consistent high quality. Quick and easy – leaving no residue.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
0515	23x34mm Adult Tab	500 / box , 5000 / case
RT41	Adult Tab	100 / bag, 1000 / case
0815	Pediatric tab	5000 /case
RT24	Adult Tab	500 / box , 5000 / case

## Multi-Function Electrodes (PadPro)

Adult and Pediatric Multifunction Electrodes for Defibrillation / Pacing / Cardioversion Monitoring comparable to Zoll, Medtronic Quick-combo, Phillips Codemaster, and Phillips HeartStart electrodes.

PadPro electrodes offer 36 month shelf life.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
2516M-PC	Physio Control Pre-connect	1 pair / pouch, 10 Pouches / case
2516M	Physio Control Pads	1 pair / pouch, 10 pouches / case
11996-000	Physio Control quick combo redipk	2 each / pack

## Adapters

These adapters totally eliminate the problem of receiving the wrong size adapters for your lead wires. You may use them on tab electrodes or snap electrodes. MSB-10 may be used for snap or tab electrodes. The MSB-12 is used for tab electrodes only but our ADA34 is a universal adapter clips, fits up to 4mm pin. Can be used with tab or snap style electrodes.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
MSB-10	Snap/tab adapter	10 / set
MSB-12	Tab adapter	10 / set

# Stress/Holter Electrodes

## ConMed Electrodes

Clear tape with conductive adhesive solid gel. Waterproof, yet perforated to allow skin to breathe.

**The 1700 series has a conductive adhesive gel, low profile. Perforated clear tape for comfort.**

The 3600 is ConMed's Proprietary wet gel technology. This wet gel formulation provides quick signal retention, strong signal quality and stable baseline waveforms

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
1700-005	Clear tape, solid gel	5 / pack, 50 / box, 600 / case
1700-030	Clear tape, solid gel	30 / bag, 600 / case
3600-050	Omnitrace foam, wet gel	50 / bag, 1000 / case

1700 Series

## Nikomed Electrodes — Stress, Holter, and EMS

The **NIKOMED** small butterfly stress electrode was designed for easy placement. Two tabs, one for easy removal of the electrode and one to keep the lead-wire stabilized, wet gel. The **5500** has maximum adhesive coverage, super-tack adhesive, wet gel, utilized for Stress and Holter applications. The **2015** has a tapered design allowing for quick, easy and accurate placement, with a super-tack adhesive for outstanding contact.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
5560	Butterfly, wet gel, foam	30 / bag, 300 / case
5500	Tear drop, wet gel, foam	30 / bag, 300 / case

## AMBU Electrodes

The hypoallergenic Ambu® Blue Sensor VLC/R Series has a highly conductive wet gel and a combination of instant and long-term adhesives for excellent contact and stable signals throughout the monitoring period. A unique, soft sponge in the gel area protects sensitive skins from mechanical irritation and the low-profile micro-porous backing material enables the skin to breathe so that the electrode remains comfortable for the to wear over long periods of time.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
VLC-00-S	Offset, foam, wet gel	10 / bag, 50 / pack/box
VLC-00S-4	Offset, cloth, wet gel	4 / pack, 500 / case

# Custom Holter, Stress, Telemetry Kits, Batteries

Customize your kits

Regardless of the type of equipment you use, we will custom design a kit to your specifications at a competitive price.

- ◆ Duracell Batteries, AA, AAA, 9 Volt
  - ◆ Electrodes, your preference
    - ◆ Holter Diary
- ◆ Abrasive Prep Pad or Fingertip Abrasion Prep
  - ◆ Alcohol Prep Pads
  - ◆ Cloth or Tyvek Pouches

## Telemetry or Holter Disposable Pouches

# TP1

# TYVEK

# D-109

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
TP-1	Cloth pouch w/snap, tie around the neck or waist	50 / case
Tyvek	Tyvek material pouch, 4" x 6"	50 / bag
D-109	Tyvek digital holter pouch 3 3/4" x 3 1/2"	50 / bag

## Duracell Batteries

A complete line of alkaline batteries recommended for all High Drain applications, such as holter and telemetry monitoring. Listed is cross reference for devices and the size battery size.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
PC1604	Duracell 9 volt	12 / box, 72 / case
PC1500	Duracell AA	24 / box, 144 / case
PC2400	Duracell AAA	24 / box, 144 / case
PC1300	Duracell D	12 / pack
PC1400	Duracell C	12 / pack

## Magneto Optical Disk and CD's

TDK Medical Grade Magneto Optical Disks are manufactured to tighter specifications far more exacting than standard grade MO. TDK Medical Grade MO is the only known stand-alone MO which adheres to the FDA's new guidelines for medical image management devices. G.E., Siemens, Marconi, Phillips recommend TDK Medical Grade MO for their systems. Medical Grade MO is manufactured to an acceptable error rate of less than 200 sector errors per disk.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
MO-R1300MAX5	1.3 GB Medical Grade Rewritable Magneto Optical Disk, 1024 B/S, Labels	5/box
MO-R2600MAX5	2.6 GB Medical Grade Rewritable Magneto Optical Disk, 1024 B/S, Labels	5/box
MO-R4800MAX5	4.8 GB Medical Grade Rewritable Magneto Optical Disk, 1024 B/S, Labels	5/box

# Gels

## Parker Aquasonic 100 – Ultrasound Transmission Gel

The most widely used gel for diagnostic and therapeutic medical ultrasound. Recommended for all procedures where a viscous gel is required. Gentle wetting of the skin assures excellent transmission of ultrasound waves at all times. Completely aqueous, will not stain clothing, damage transducers or irritate skin. Unique “can’t be copied” formula is hypoallergenic bacteriostatic and non-sensitizing. The **Aquaflex** gel pad is used in difficult to visualize and near field areas, or when gels won’t do. Eliminate cross contamination in diagnostic and therapeutic ultrasound procedures.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
01-01	Sterile foil pouches	48 / box
01-08	0.25 Liter Dispenser	12 / box
01-50	5 Liter SONICPAC with dispenser	1 / box, 4 / case
04-02	Stand off gel pad, disposable	6 pads / box
12-08	Salt-free conductive gel 8.5 oz	12 tubes / box

04-02

01 Series

12-08

## Leonard Lang Skintact Gel

Leonard Lang SuperGel ultrasound gel is latex and pvc free. Multi-purpose ultrasound gel is a medium viscosity ultrasound gel formulated primarily for ultrasound diagnostic imaging and other procedures.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
10171	Acoustic imaging gel, .26 liter	25 bottles / box
10746	Acoustic imaging gel, 5 liter	4 liters / case

10171

10746

## Weaver

**Nuprep** Skin Prep Gel effectively lowers impedance to improve your tracings. Its mild abrasive formula improves conductivity and helps achieve maximum efficiency with your equipment. **Ten20** contains the right balance of adhesiveness and conductivity, enabling the electrodes to remain in place while allowing the transmittance of electrical signals.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
10-20-4	4 oz tube	3 tubes / pack
10-20-8	8 oz jar	3 jars / pack
10-30	4 oz tube	3 tubes / pack

## Cidex

**CIDEX®OPA Solution** is trusted by hospitals all the world over for providing cost-effective high-level disinfection for a wide range of endoscopes and other healthcare instruments. Five minutes soak time in an automated endoscope reprocessor, 12 minute soak time for manual reprocessing, low vapor pressure for minimal inhalation exposure risk and shorter disinfection time than glutaraldehyde.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
20390	Cidex 28 day solution	4 gallons / case
20392	Cidex OPA test strips	60 / bottle, 2 bottles / box

20390

20392

## Rapicide

**Rapicide®OPA/28**, high level disinfectant. The superior way to reprocess heat-sensitive semi-critical devices that are unsuitable for sterilization. Use Rapicide OPA/28 test strips before every use to verify the proper concentration. Rapicide OPA/28 features: A 10 -minute high-level disinfection time that's faster than all other OPA high-level disinfectants in the healthcare market today. Effectively inactivates: TB, HIV2, MRSA, VRE, Hepatitis Viruses.

# Digital and Health Scales

## EMR or Electronic Health Records Ready

### Digital Bariatric Scale

This scale features American-made quality, a spacious 24 inch square non-skid platform, stainless steel handrail with padded grips for patient assurance, perfect for obese or unsteady patient needs, integral wheels for easy transportation, serial, USB or optional Ethernet ports.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
6856	Detecto Digital Scale	1 / each

## Eye Level Physician Scale

Digital eye-level physician scale features an easy-to-use keypad and extra-large display perfect for patient weighing and viewing.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
750	Eye level digital scale	1 / each
439	Physician manual scale with height rod	1 / each

## Pediatric Scale

Mechanical baby scales provide the ultimate in safety for pediatric patients while also utilizing the time-tested, reliable Detecto weigh beam for highly-accurate measurement. Models are available in four capacities up to 130 pounds and 65 kilograms with your choice of pounds, kilograms or both readings.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
459	Pediatric scale	1 / each

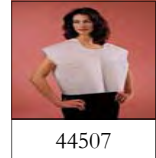

# Disposable Exam Products

## Examination Capes/ Gowns

When waist length garment is required, our examination capes provide coverage and strength. Our selection of capes provide comfort, hygiene and attention to patient modesty concerns. The garments are 30" x 21", available in blue and are front/back opening.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
44505	Blue Capes	100 / case
44507	Extra Large Gowns Blue 30 x 42	50 / case
11106	White cape F/B open 30x21	100 / case

## Exam Table Paper

APEX table rolls are gentle on patients, yet durable to protect any size examination table from moisture, soil or other damage.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
42530	21" x 125' - Crepe White	12 / case

## Professional Towels

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
170	3 ply disposable towel, 13 1/2" x 19	500 / case
ORTO4B	Disposable OR sterile towels	4 / pack, 50 / case

## Drape Sheets, Pillows & Cases

Soft, opaque, general purpose drape sheets are ideal for non-surgical procedures where patient or equipment draping is required. Economical, 2-ply and available in white.

<u>Product #</u>	<u>Description</u>	<u>Packaging</u>
300-DR	40 x 48, 2 ply white drape	100 / case
RP-20	Reusable Pillows Blue, 18x24 12	12 / case
DPC001	Disposable white standard pillowcase	100 / case

## Gloves

Micro-Touch elite gloves. Powder free and latex free medical examination gloves.

# Cardiac Equipment

## GE Stress Systems

**GE CASE** stress system has been proven clinical excellence. Productivity-enhancing applications and features. Expanded networking options. The CASE exercise system puts the stress on performance. With industry-leading algorithms, the CASE system enables you to quickly and easily assess cardiac function during exercise for greater diagnostic confidence. Connect your CASE system to a local area network (LAN), and you can store patient data and test results to a central database. This enables physicians to review, edit and print data remotely, for maximum efficiency in your stress lab. CASE enables you to optimize your digital workflow, too, with seamless connectivity to EMR, PACS, and the MUSE\* Cardiology Information System. Whether you use a stand alone system, a group of workstations or a complete enterprise solution, we have the scalable solution that fits your needs.

## GE MAC5500 HD ECG System

**GE MAC5500 HD** unit with wireless advanced electrocardiography built on GE innovation in ECG acquisition and analysis, the MAC 5500 HD resting ECG system is a premier ECG system. Delivering advanced disease management capabilities through one of the industry-leading collection of algorithms and advanced networking.

**The MAC5500 HD offers:**

- ◆ Better triaging tools for Acute Coronary syndrome (ACS) detection
- ◆ Configurable Critical Values to help speed time to treatment
- ◆ More accurate pacemaker detection for advanced interpretation of paced rhythms
- ◆ Enhanced barcode workflow, with orders and ADT download capability
- ◆ Connected ECG Workflow to help save time and avoid costly misdiagnoses

**The MAC 5500 HD** also meets the need for productivity across the enterprise, by empowering a wide range of users to precisely capture, analyze, and communicate ECG data. All to ensure the right data goes with the right patient to help reduce demographic and billing errors, and speed time to treatment.

Cart is sold separately.

## GE MAC 1200 Resting ECG

**The MAC\* 1200** digital, 12-lead electrocardiograph system offers comprehensive ECG solutions with practical features that help meet the needs of hospitals, clinics, office based practices and clinical trials. Its advanced algorithm capabilities, seamless connectivity to the CS and MUSE\* Cardiology information systems and easy-to-use features provide the quality and convenience users require.

## Quinton Q-Stress Units

The Quinton Q-Stress is the hospital industry's gold standard. Our cardiac stress test with treadmill system is the winner of multiple rewards. The Quinton A-Stress is now in its ninth generation, the Q-55 Exercise Stress Test System. Microvolt T-Wave Alterans for Cardiac Science Q-Stress combines the industry's leading cardiac stress system with Cambridge Heart's unique Microvolt T-Wave Alterans (MWTA) testing system, creating the most comprehensive, reimbursable cardiac risk-profiling system in the industry,

# Cardiac Equipment

## Mortara X-Scribe System

Mortara Instrument's wireless stress testing with the **X-Scribe** system includes a 24-inch wide screen display for enhanced review. Wireless ECG acquisition with a digital transmitter provides freedom of movement for the patient and clinician during exercise stress testing and from the treadmill to the echo table. The newest software presents ST profile values in easy to read bar graph format, current ST Waveform superimposed over reference ST waveform, NIBP Trend, Sp-2 volumes, lead placement diagram on the torso during hookup.

## GE MAC5000 Reconditioned Units

GE's premier ECG system, the **MAC 5000**, offers gender-specific interpretive software as well as adult and pediatric interpretation. With a compact design for easy operation to increase productivity. The **MAC 5000** delivers advanced capabilities that only the industry's most extensive collection of proven algorithms can offer. It's advanced algorithm capabilities include true, 12-lead ECG computer analysis and interpretation. Comes with the mobile cart.

## GE CASE 8000 Reconditioned Units

The **CASE 8000** is one of the first, true point-of-care clinical information systems for the exercise environment. The **CASE 8000** offers an advanced, integrated approach to high-efficiency, high-performance stress testing. Remote viewing function allows real-time viewing of in-process exercise tests at remote locations for efficient clinical supervision. 15-lead sophistication delivers analysis of more localized abnormalities in an exercise ECG setting. 12SL™ interpretive ECG analysis may be your most clinically valuable second opinion. Arrhythmia detection, annotation and review provide enhanced ectopic event analysis.

## Automated External Defibrillator

**AED Plus** is the first and only **full-rescue AED** that provides Real CPR Help® to guide rescuers in achieving the proper depth and rate of chest compressions. With real-time feedback, the rescuer can provide the best manual CPR resuscitation possible in a sudden cardiac arrest (SCA). The **AED Plus** also guides rescuers through the complete chain of survival, helping all SCA victims, not just those who need a shock.

AED Plus

**Heartsine, Samaritan 300P** is a clinically advanced, lightweight, compact, easy-to-use, and portable AED. Audio and visual prompts guide the user step by step through the rescue process. From trained first aiders to professional responders, the 300P is designed so that anyone, anywhere, anytime can save a life.

Heartsine

The **Physio-Control LifePak 12** Defibrillator/Monitor is a multi-parameter device that combines semi-automated and manual defibrillation with capnography, external pacing, 12-lead electrocardiography and other monitoring functions. The LifePak 12 can be configured in a variety of ways, Select AED, manual defibrillation or both, noninvasive pacing, pulse oximetry, 12-lead ECG analysis or LCD display, capnography and noninvasive blood pressure, basic 3-lead ECG or 12-lead ECG.

LifePak 12
